## SLATWALL

Slatwall is a low cost merchandising panel system that offers maximum display flexibility and allows fast and efficient changes to your merchandising accessories and product displayed.

## GROOVES

The Slatwall groove is approximately 3/8" high by 1/2" deep and is shaped like a short letter "T". Generally, slatwall panel grooves are standardized, most slatwall accessories will fit into any slatwall panel. Standard slatwall grooves are unfinished and do not match the color of a finished, laminated slatwall panel.

## CORNERFORMS

- Cornerforms System create free standing slatwall modular displays capable of being easily setup and dismantled.
- Cornerforms is an excellent choice for trade show booths, temporary exhibits and enclosing columns with slatwall, supplied in 8'-0" lengths.
- PVC material available in black. Other colors available on request

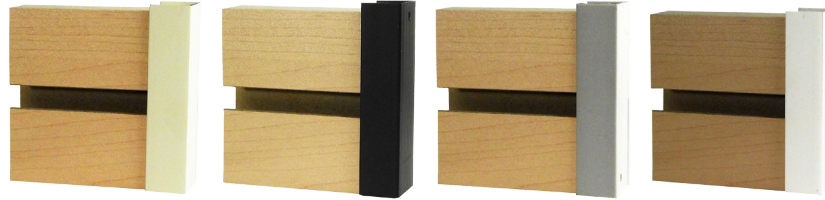

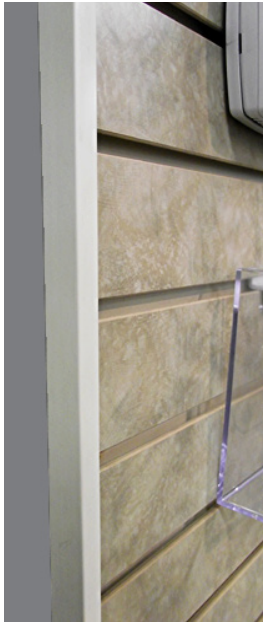

ITEM NO.	DESCRIPTION	1-9	10+
CF180B	Cornerform 180°, Black	57.92	55.41
CF135B	Cornerform 135°, Black	57.92	55.41

CFEB	Finish End Cap, Black	28.97	27.71
CFTB	Cornerform-T Black	57.92	55.41

Prices subject to change without notice.

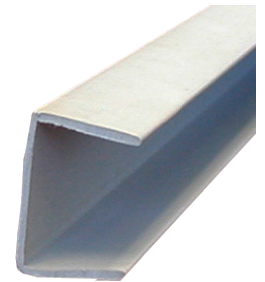

Rev. Dec 2017

**EDGE TRIM**

Slatwall edge trims are an excellent way to cover up the unfinished ends of your slatwall.

ITEM NO.	DESCRIPTION	1-9	10+
C137A	Edge Trim Almond PVC 96"	4.78	4.57
C137B	Edge Trim Black PVC 96"	4.78	4.57
C137LG	Edge Trim Light Grey PVC 96"	4.78	4.57
C137W	Edge Trim White PVC 96"	4.78	4.57

**ACCENT STRIP**

PVC accent strips slide into panel grooves for color accent or blend. Slatwall Plastic Accent Strips are for cosmetic purpose only- adding no strength to the grooves. Also will cover mounting screws.

Slide strips into the grooves of your slatwall to achieve a quality finished look.

ITEM NO.	DESCRIPTION	1-9	10+
C1164B	Accent Strip Black	2.43	2.33
C1164W	Accent Strip White	2.43	2.33

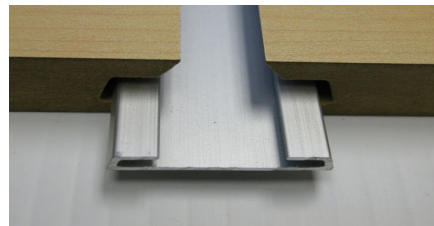

**SLATWALL INSERTS**

**POWER BARS**

Power Bars provide an economical choice to improve the hanging strength of new or existing slatwall. Power Bars can be used as required in some or all of the slatwall grooves that require extra strength for heavier items.

Note: Power Bars do not fit all T grooved slatwall. Also, some slat wall accessories do not fit in the groove when a Power Bar is installed. Care must be taken when selecting your application and accessories.

ITEM NO.	1-9	10+
631159715	9.59	9.18

**MACHINED ALUMINUM INSERTS**

Machined Aluminum inserts improve the appearance of slatwall while improving the hanging strength of the slat wall. Machined Aluminum Inserts are installed during the manufacturing process of the slatwall creating a pressure fit finish for the aluminum moulding. The molding fully wraps around the slatwall groove improving the strength of the groove and reducing the likelihood of chip out along the slatwall's edges while merchandised. Machined Aluminum Inserts are available in a T groove or L groove format. The full T groove molding is the most popular finish. Improve the strength and longevity of your slatwall with Machined Aluminum Inserts.

Custom product by quote.
